WEDNESDAY EVENING, JUNE 10.

Extraordinary Identification. The New York Tribunc tells the following story of an extraordinary case of identification which occurred in that city on Tuesday: Ou August 22d, 1866. T. S. Tice, who has a jewelry store at Fulton and Tillary streets, Brook lyn, was robbed of a tray of diamonds valued at \$4,000. A handsome equipped carriage conraining two men drove up to the store of Mr. Tice, and one of the occupants, a fashionably dressed young man, alighted and walked hastily into the store. He asked to see some diamonds, whereupon Mr. Tice produced a tray of them. The stranger was suddenly afflicted with a violent attack of sneezing, and he drew from his pocket a handkerchief containing a quantity of snuff, which he dexterously threw into Mr. Tice's eyes. Before the latter, who had become blinded, could discover what was going on, the stranger seized the tray, threw his handkerchief over it, rushed from the store and into the carriage, which went whirling down the street. The cry of "stop thief" was raised too late, and the thieves escaped. The police of the two cities were informed of the theft, and for many days in succession Mr. Tice went to the Central offices of New York and Brooklyn to see whether he could identify among a number of arrested persons the individual who came into his store. At intervals during the succeeding two years he went on the same errand, but was never able to identify any person as the thief. On Tuesday of last week Superintendent Folk, of the Brooklyn Police, called upon him, and informed him that he had received a letter signed Edward L. Marvin, stating that the person who robbed his store of diamonds in 1866 was now known by the name of Quigley, and was a police officer connected with the Eighth Precinct in New York. The letter stated that the thief was formerly known as "Snatcher Dan," and that he had been also connected with a diamoud theft in New York. The Superintendent asked Mr. Tice whether he thought he could identify the person who stole the diamonds, to which Mr. Tice responded that he could. The Superintendent then detailed Detectives Folk and Corwin to work up the case, and on the following day the officers called on Superintendent Matsell, and ascertained that there was such a person as Officer Quigley in the Eighth Precinct. On Tuesday of this week Mr. Tice, with Superintendent Folk and the two detectives, called upon Captain Williams of the Eighth Precinct and were taken into a room where nineteen men, of whom Quigley was one, stood together in citizen's clothes. Mr. Tice was asked whether he recognized any of them. He repiled, "I do, I identify this man," pointing to Officer Quigley, "as the man who robbed me of my diamonds. The Superintendent, police captain, and detectives were simply astounded. Mr. Tice reasserted his positive belief that Quigley was the thief, and the accused was immediately suspended from duty and an investigation ordered to be made by the police offi cials. It was stated by the officials at the Brooklyn Police Headquarters yesterday that it was understood that Quigley was a favorite with one of the Commissioners of Police in New York, and that it had been agreed between the officials and detectives in both cities that nothing should be said about the matter until Quigley should prove his innocence of the charge. They found fault with Mr. Tice

FOR SALE.

REAL ESTATE IN ALEXANDRIA CITY AND COUNTY.

The undersigned, in accordance with the provisions of the will of Robert H. Miller, offer for sale the following pieces of property in the city and county of Alexandria, in the State of Vir-

The terms of sale will be agreed upon at the time of the sale, and will be easy and liberal to the purchaser.

First: The large, well built and convenient three-story BRICK DWELLING, known as No. 77 Washington street, situate on the east side of said street, between Queen and Princess. This house is supplied with all the modern conveniences, including gas and water, a first rate kitchen range, a steam heating apparatus of Gould's patent &c., &c. The lot on which it stands fronts 160 feet on Washington street, and runs through the square to St Asaph street, and contains about 38,000 square feet, or nearly one acre of land, and is in beautiful order. It contains a variety of choice fruit trees-pear, apple quince and cherry, a fine English walnut tree in full bearing, a good collection of small fruits, strawberries, respherries, currents and gooseberries, good asparagus beds, and a large number of fine rese bushes and other shrubs and plants. A more desirable residence than this is not to be found in the city.

Second: A two-story KESIDENCE, front building frame and back building brick, on the east side of St. Asaph street, between King and Prince, with suitable out buildings, on lot front-

Prince, with suitable out buildidgs, on lot fronting 40 feet on St. Asaph street and running back of the same width for a depth of 92 feet. Third: A LOT on the west side of Washington street, between Duke and Wolfe, froming 78

feet 5 inches on Washington street and running back 113 feet to an alley 11 feet wide. There is a large FRAME TENEMENT on this lot. Fourth: The property at the southwest corner of King and Pitt streets, fronting 61 feet 62 inches on King street and 111 feet 7 Pitt, consisting of SEVERAL STORES, occupied at present by Thomas Hoy and others. Fifth: A LOT OF LAND fronting 52 feet 33

ning through the square to Union street, of uniform width, and of a depth of 300 feet. Sixth: A WATER LOT at the northeast corner of Union and Queen streets, fronting 67 feet 7 inches on Union street and running into the Potomac river of the same width to the Port Warden's line, having the advantage of dock room of 33 feet, being the north hall of Queen street. Sold subject to an improvement lease to

T. J. Mehaffey. Seventh: A LOT situate on the east side of Union street, between Prince and Duke, fronting 30 feet on Union street and running of that width into the Potomac. This lot has a wharf front of 38 feet, and has on it two large and commodious WAREHOUSES-one fronting on the Strand, now occupied by B. H. Lambert, and one on Union street, occupied by R. M.

Lawson. Eighth: A LOT OF GROUND near the Stone Bridge, on the south side of Duke street, having a front on said street of 476 feet, and running back to the Alexandria and Fredericksburg Railroad, containing about 31 acres. This lot contains a never failing spring of good water, and is bounded by the west bank of Hoff's run. with the privilege of using its water. The terminus of the Street Railway is on this property, and it is susceptible of division into building lots, which would be very desirable for mechan

cs and others wishing to make homes for them-Ninth: A TRACT OF LAND in Alexandria county, near to but outside of the city limits, containing 13 or 14 acres. The east line of this lot, 1000 teet long, binds on the Alexandria Canal, and the Alexandria and Washington Railroad and turnpike bind it on the west. This tract being in one compact body, offers singular advantages for a large manufacturing establishment, and being beyond the city limits it is ex-empt from city taxation. It is believed that there is a very large quantity of excellent clay for making bricks in this land, and the railroad and canal on either side of it would offer a cheap and easy means of conveying them to a market. Tenth: A TRACT OF LAND in Atchison county, Missouri, lying near Rockport, the county seat, containing 316 acres, more or less. Eleventb: A TRACT OF LAND, lying in

Clark county, Missouri, containing 760 acres, more or less. Any of these pieces of property will be divided in such manner as the purchaser may desire unless the value of the same be impaired by such division. As there is now hourly communication between Alexandria and Washington, both by railroad and steamboat, every facility is of-fered to persons doing business in Washington who may desire to avail themselves of the much greater economy of living in Alexandria.
